[Redacted]
 Chairman, Human Resources Committee
 Office of HUMINT Collection
[Redacted]

The attached draft memorandum is merely intended to provide you with some informal thoughts about our recent efforts to increase translations of materials on terrorism. Rather than present a formal FBIS position at this point, I thought it might be helpful to forward background comments before the next IICT meeting, which I understand is scheduled for 4 November. FBIS, of course, would very much welcome a clear definition by consumers of their needs.
